

## Initial Project Planning Template

|               |                                                     |
|---------------|-----------------------------------------------------|
| Date          | 30 September 2026                                   |
| Team ID       | SWTID-2026-8336                                     |
| Project Name  | EduGenie — Google Gemini Powered Learning Assistant |
| Maximum Marks | 5 Marks                                             |

### Product Backlog, Sprint Schedule, and Estimation (4 Marks)

Use the below template to create a product backlog and sprint schedule

| Sprint   | Functional Requirement (Epic) | User Story Number | User Story / Task                                                                                                                                    | Story Points | Priority | Team Members                             | Sprint Start Date | Sprint End Date (Planned) |
|----------|-------------------------------|-------------------|------------------------------------------------------------------------------------------------------------------------------------------------------|--------------|----------|------------------------------------------|-------------------|---------------------------|
| Sprint-1 | Authentication                | USN-1             | As a student, I can create an account using my email and password so that I can securely access EduGenie.                                            | 2            | High     | Kamali. S, Kavikumar. M, Ragul Gandhi. B |                   |                           |
| Sprint-1 | Authentication                | USN-2             | As a student, I can log in using my email and password so that I can access my personalized learning features.                                       | 1            | High     | Kamali. S, Kavikumar. M, Ragul Gandhi. B |                   |                           |
| Sprint-1 | AI Learning Assistant         | USN-3             | As a student, I can ask questions and get simple explanations from the Google Gemini powered AI assistant so that I can understand difficult topics. | 3            | High     | Kamali. S, Kavikumar. M, Ragul Gandhi. B |                   |                           |
| Sprint-2 | Learning Tools                | USN-4             | As a student, I can generate notes summaries, questions, quizzes, and personalized study plans so that I can prepare effectively for my studies.     | 3            | High     | Kamali. S, Kavikumar. M, Ragul Gandhi. B |                   |                           |

|          |                   |       |                                                                                                                                                                |   |        |                                                |  |  |
|----------|-------------------|-------|----------------------------------------------------------------------------------------------------------------------------------------------------------------|---|--------|------------------------------------------------|--|--|
| Sprint-2 | Progress Tracking | USN-5 | <b>As a student, I can view my learning history, quiz results, answer evaluation, study plans, and progress so that I can monitor my learning performance.</b> | 3 | Medium | Kamali. S,<br>Kavikumar. M,<br>Ragul Gandhi. B |  |  |
|----------|-------------------|-------|----------------------------------------------------------------------------------------------------------------------------------------------------------------|---|--------|------------------------------------------------|--|--|
