

Demonstration of Proposed Features

Date	1 October 2026
Team ID	SWTID-2026-8336
Project Name	EduGenie – Google Gemini Powered Learning Assistant
Maximum Marks	1 Mark

Demonstration of Proposed Features:

This document presents the key features proposed for the EduGenie – Google Gemini Powered Learning Assistant. It describes the functionality developed to support students through AI-powered learning, including user authentication, AI-based question answering, topic explanations, quiz generation, and personalized learning support. Each feature is tracked based on its implementation status and whether it can be demonstrated as part of the final project.

S.No	Feature Name	Description	Status (Implemented / Partial / Pending)	Demonstrate d (Yes / No)	Remarks
1	User Authentication	Student registration, login and JWT-based authentication	Implemented	Yes	Secure user authentication
2	AI Tutor	Students can ask questions and receive AI-powered explanations using Gemini	Implemented	Yes	Gemini API integrated through backend
3	Topic Explanation	Generates simple explanations based on subject, topic and difficulty	Implemented	Yes	AI-generated learning content
4	AI Quiz Generator	Generate topic-based quizzes with questions, options and answers	Implemented	Yes	Supports different difficulty levels
5	AI Notes Generator	Generates structured study notes using Gemini	Implemented	Yes	Notes can be saved for revision
6	Learning Progress	Tracks quiz results and learning activities	Partial	No	Progress tracking can be extended

Feature Implementation Summary:

Total Features Proposed	6
Total Features Implemented	5
Total Features Demonstrated	5
Overall Implementation Rate (%)	83.33%
