

Coding & Solution

Date	01 October 2026
Team ID	SWTID-2026-8336
Project Name	EduGenie — Google Gemini Powered Learning Assistant
Maximum Marks	5 Marks

Coding & Solution

This section evaluates the quality and completeness of your implemented code and the overall solution. Your submission should demonstrate working functionality, clean code practices, and alignment with your defined requirements.

Instructions:

1. Ensure your code is well-structured, commented, and follows best practices for your chosen technology stack.
2. The solution should address the core problem statement and implement the key functional requirements.
3. Include all source files, configuration files, and setup instructions needed to run the application.
4. Attach or link to your code repository (e.g., GitHub) in the table below.

Solution Summary

Field	Details
Repository Link / URL	Not available — Project is not uploaded to GitHub.
Programming Language(s)	JavaScript, HTML5, CSS3
Framework(s) Used	React.js, Node.js, Express.js
Key Features Implemented	Student authentication, AI doubt clarification, simple topic explanations, notes/PDF summarization, quiz generation, question generation, personalized study plans, study progress tracking, learning history, quiz results, answer evaluation, profile, settings, and forgot password.
Pending / Incomplete Features	None — the current project is fully working.
Setup / Run Instructions	Install the required frontend and backend dependencies, configure the MongoDB Atlas connection and Google Gemini API key in the environment configuration, start the backend server, and then start the React frontend application.

Code Quality Checklist

S.No	Criteria	Status (Yes / No)
1	Code is modular and organized into functions / classes	Yes
2	Meaningful variable and function names are used	Yes
3	Code includes comments / documentation where necessary	Yes
4	Error handling is implemented for critical operations	Yes
5	The application runs without critical errors	Yes
6	Code is committed to a version control repository	No

Additional Notes / Comments

EduGenie is a Google Gemini-powered learning assistant designed to help students understand difficult topics and clear their doubts. The application provides simple explanations, summaries, quizzes, and personalized learning support. The system is designed to be user-friendly, responsive, and easy to use.
